Which themes does your project address? (min 2)			
Climate Change	X	Communities	X
Horticulture		Heritage	X
Play	X	Health and Wellbeing	X
Maintenance	X	Education	X
Environmental	X	Diversity and Inclusion	X
Biodiversity	X		
Title of Project			
Castlemilk Park Notice Board			
Location of Project			
Castlemilk Park			
Please tell us what you aim to do. (max 200 words)			
<p>This project aims to reach more of our local and wider community. By installing an outdoor notice board at the entrance to Castlemilk Park we want to advertise, promote, and encourage people to:</p> <ul style="list-style-type: none"> <li>• Use the park to improve their health and wellbeing by showing the mapped walking routes throughout the park.</li> <li>• Access free events, groups and training opportunities in. These can include conservation, biodiversity and community feedback. This can lead to stronger community relations, reduce social isolation, and provide people with new skills and experience</li> <li>• Volunteer with the groups helping to keep Castlemilk Park beautiful. Volunteering is a great way to learn about the parks wildlife, biodiversity, and can help give people new skills.</li> </ul>			

Please tell us how this project will benefit Parks, Greenspace and Openspace. (max 100 words)

Being able to promote to a wider group of people will allow us to reach people who may not know of the events and activities in Castlemilk Park. With more people using the park this could help reduce anti-social behaviour and make people feel safer. This can lead to more long term ownership of the park by volunteers, FoCP members and the local community and this will have a positive effect on Castlemilk Park as maintenance and biodiversity can be improved. Showcasing what Castlemilk Park has to offer will encourage people to care, learn and respect Castlemilk Park.

Please describe the continuing benefit of your project. (max 100 words)

Having the notice board would continue to benefit the community and the park. Using this notice board for community engagement will allow for any feedback/suggestions and future projects to be community lead. Growing conservation volunteers and Friends of Castlemilk Park group members will keep improving Castlemilk Parks maintenance and biodiversity, while bringing people together and promote responsible access.

### 3.Finance

Amount Requested	£1,201.60
------------------	-----------

Total cost of the project	£1,201.60
---------------------------	-----------

If you have secured or requested any other funding for your proposal, please provide details.

Funder	Amount	Confirmed or pending
